STATEMENT OF SUBSTANCE OF INTERVIEW

Sir:

On July 11, 2005, a telephone interview was held between the undersigned and the Examiner. During that interview, Applicants' representative authorized the amendments to claims 19 and 25 as set forth in the Examiner's Amendment attached to the Notice of Allowance mailed August 3, 2005. The embodiment described in claim 25 refers to a target that the user pays attention to. In the discussions with the Examiner, Applicants' representative did identify Figure 6 as providing support for the broader recitation of information of a target that the user

pays attention to as opposed to the former reference to the color, shape, and character type, since those latter attributes are merely examples and are not inclusive.

Applicants' undersigned attorney may be reached in our Washington, D.C. office by telephone at (202) 530-1010 All correspondence should continue to be directed to our address given below.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'L. Stahl', is written over a horizontal line.
